Note to Parents of 4th Graders:

Next week our school will be administering the Iowa Tests of Basic Skills. This achievement testing will take place in the mornings. There is no studying to be done for the tests, but you can help your child to come prepared by making sure he or she gets enough sleep each night, and a proper breakfast each morning.

We will not have a spelling unit or reading selection test next week. Instead, we will be using the time to read from supplemental books, and also we will focus on the skills of summarization and choosing the main idea in a passage. We also will have phonics and grammar in the afternoons next week, since achievement testing will take place in the mornings.

Memory for:

Tue. – 33

Fri.: -34

Mrs. Beuschel
