

In recent years, research has indicated the first five years are a critical period in a child's learning and development. During these years, children need a stimulating environment, which will provide them with experiences that will aid in developing their potential.

OUR SAVIOR LUTHERAN PRESCHOOL offers programs for 3, 4, and 5 year old children that provide them with a wide variety of learning experiences within a caring, Christian environment.

From our multi-sensory learning centers, games and stories—to our new large motor indoor activity room and fenced—age-appropriate outdoor playground your children will constantly learn, grow and have fun.

OUR SAVIOR LUTHERAN PRESCHOOL is a wholesome, inclusive environment in which the love of Jesus Christ for each child is demonstrated in every aspect of learning.

Our Savior Lutheran Preschool invites you to join with us in a new beginning of exploration and discovery.

Preschool. A time

to flourish... to taste...

to smell... to socialize...

to become independent...

to become confident... to love...

to experiment... and to grow.

This is what makes up the exciting day of a preschooler.

CHRIST CENTERED EDUCATION

A focus on the total person—mind, body & soul—is necessary to **TEACH YOUR CHILDREN WELL.**

Children at OUR SAVIOR LUTHERAN PRESCHOOL are involved in activities designed to foster the child's health and safety as well as for the development of physical well-being.

Children are encouraged and supported in their attempt to care for themselves and become independent; to become aware of their emotions and begin to understand that other people have feelings too.

Children are guided in acquiring skill in controlling unsociable impulses. They learn to get along in a group, learn to enjoy playing with other children and learn to lend others a helping hand from time to time.

Children are taught to increase their vocabulary and language skills through experiences and activities designed to enhance specific cognitive abilities.

Children enhance their creativity by the use of self-expressive materials; activities that encourage dramatic play; and opportunities to engage in creative thinking and problem solving.
