

## Our Savior Lutheran School and Preschool

### Use of Student Photographs and Work

Dear Parents:

As part of the communication process, Our Savior Lutheran School and Preschool maintain forms of social media and websites on the internet. These pages provide information about the activities of Our Savior Lutheran School, its employees, and students. The pages can be viewed globally.

This form officially documents that you are willing to release your child's projects, photographs, video images, and/or voice recordings into the public domain. They may be viewed by anyone with access to the internet. Group photographs may be used in social media or on a web page; however, your child's name and/or individual photographs will not appear on the internet. There is no monetary compensation for the use of these projects and/or images.

Release

I give my permission for my child's projects, photographs, images, and/or voice recordings to be used as described above. I willingly release them for use on Our Savior Lutheran School's web pages and social media on the internet.
